SUMMARY

Software developer with a strong foundation in programming, problem-solving, object-oriented design, and database concepts. Experienced in team collaboration, professional workflows, debugging, API integration, and building maintainable applications. Quick to learn new AI tools and technologies that improve productivity and efficiency, with onsite internship experience in a real-world development environment.

SKILLS

Programming	C, C++, Python, Dart, SQL
Mobile Development	Flutter, Cross-Platform App Development, Responsive UI Design
State Management	Provider, Bloc/Cubit, Riverpod, GetX
Development Tools	VS Code, Android Studio, Postman, Jira
Backend & Database	Supabase, Firebase, PostgreSQL, MySQL, SQLite, Hive, Drift
API & Networking	REST API Integration, HTTP, Dio, JSON Parsing
CI/CD & Version Control	Git, GitHub, GitLab, Bitbucket, automated build pipelines
Technical Skills	Clean Architecture, MVVM, OOP, Unit Testing, State Management, Debugging
Soft Skills	Communication, Team Collaboration, Problem-solving, Time Management, Attention To Detail, and a creative thinker.

EXPERIENCE

Flutter Developer Intern
Cognus Technology Udaipur

Dec 2025 – April 2026
Udaipur, Rajasthan

- Built and improved Flutter apps with responsive UI and better performance.
- Integrated REST APIs, backend services, and state management features.
- Worked with Git, agile workflows, debugging, and team collaboration.
- Enhanced clean architecture, code quality, and production-level development skills.

PROJECTS

STUDENT BUNK TRACKER

Tech Stack: Flutter, Supabase, Provider, Geolocator

- Developed a smart attendance tracking application to monitor classroom and campus presence of students.
- Implemented location-based attendance verification using geolocation services.
- Designed responsive UI and integrated backend functionality for attendance tracking and reporting.
- Applied state management and database integration to manage attendance records efficiently.

JAL SANKET

Tech Stack: Flutter, Provider, Geolocator, SharedPreferences, Intl

- Developed a community-focused mobile app for safe tap water monitoring and sanitation awareness.
- Implemented location-based functionality to improve monitoring and accessibility.
- Built responsive user interfaces and integrated local storage for improved usability and data persistence.
- Focused on user-friendly design and practical problem-solving for community-based use cases.

CERTIFICATIONS

- **Programming in Modern C++ (NPTEL)** *IIT Kharagpur*
Skills: Classes and Objects, Problem Solving, Logical Thinking
- **Introduction to Database System (NPTEL)** *IIT Madras*
Skills: Database Design, Data Management, SQL Querying
- **Graphic Design - (E-SDP) MSME** *MSME Udaipur*
Skills: Graphic Design, Visual Communication, Creative Thinking,

EDUCATION

Bachelors of Technology, Computer Science and Engineering	<i>July 2023 - present</i>
<i>Geetanjali Institute of Technical Studies (GITS) Udaipur</i>	<i>CGPA – 8.8</i>
12th Grade (RBSE)	2022
<i>S P N Govt. Sr. Sec. School, Rani, Pali</i>	<i>Percentage – 75 %</i>
10th Grade (RBSE)	2020
<i>Govt. Sr. Sec. School, Nadol, Pali</i>	<i>Percentage – 74 %</i>

SKILLS

Hindi (Native)
English (Intermediate)
